UP TO GRAND JURY

Is the Tobacco War Now on Near Germantown. Peace at **Present Reigns**

The situation in the tobacco storm belt near Germantown has clarified since yesterday morning and for the nonce, at least, the dove of peace spreads its white wings and the war cloud has dissolved itself into nothingness; hence conditions are restored to a more or less

The agitation and assembling of men was caused by two of Miss Eliza Owens's tenautsthe White brothers, who are half owners in the -crop-attempting to deliver tobacco to the American Tobacco Company in this city, to which concern they had virtually contracted matism. and sold.

The Whites not being members of the Society of Equity, in disposing of their crop were impressed with the idea that they were simply acting within their own rights and not to the -detriment of any one.

It is said they were informed in no unmistakable language that if they persisted in

hauling the loaded wagon away that the tobacco would be destroyed, but that if the tobacco was returned to the barn and hung up all would be well and no harm come to it.

Discretion being the better part of valor,

especially in this instance, it was taken back and rehung in the barn.

In the meantime the father of the twe young men came to Maysville to seek legal redress.

After interviewing the authoritias he was directed to lay his complaint before the Grand Jury, now in session, which he did, and that all powerful body has the matter under considera-

Owing to the uncertainty of the financial situation the city of New York will hold up contracts for \$126,000,000 worth of public improvements.

PRIZE-FIGHTING pays, since a common Nigger like Jon GANZ can afford to roll around in a \$6,000 auto car. This beats the proverbial beggar on horseback a few blocks.

EIGHT thousand men is the estimate placed by the Navy Department upon the number of discharges of employes which the departure of the Atlantic fleet will make necessary in the East coast navy yards.

THE fight between TAFT and FORAKER for the vote of Ohio in the Presidential handicap is going to be a Kilkenny affair from start to finish. Speaking of the contest, The Portsmouth Blade says:

"There will be peace on earth, good will toward men in Onio until after Christmas. Then there will be doings that would make Julius Cæsar take to his heels and Napoleon Bonaparte seek a cyclone cellar."

Walking is the latest fad everywhere, but President ROOSEVELT continues to stir up the old Colonels and Majors in the War Department and is compelling them to do active and strenuous cavalry practice. Hundreds of these old warriors occupy luxurious positions in cozy and beautiful quarters, and the order requiring them to ride is like waking them from pleasant dreams. Every Government official must earn his salary or the boss Teddy Bear of them all will know the reason why.

THE coming of JOE BLACKBURN to Kentucky from Panama portends no good to Governor BECKHAM. It is thought that the ex-Senator comes for the purpose of aiding in BECKHAM'S defeat for the Senate. One good turn deserves another. The Governor compassed the undoing of Messrs. BLACKBURN and McCREARY, and now the cry has gone forth for a general gathering of the Blackburn and McCreary forces to join with the Republicans and use every weapon in the deadly war of politics to prevent BECK-HAM's election to the United States Senate. It is also very much in evidence that Mr. HAGER, Mr. Hays and the other prominent members of the Democrutic Down-and-Out Club are not wasting any enthusiasm in behalf of the Democratic nominee for Senator. A card from Mr. HAGER, calling upon the Democrats to support Mr. BECKHAM, would, no doubt, have a very helpful effect in his favor. When the bell taps on Monday, January 5th, one of the prettiest fights ever witnessed in old Kentucky will open at Frankfort.

GOVERNOR WILLSON

Lieutenant-GovernorCox Also Sworn In-Ringing Words For Good **Government FromNew** Executive

Although the weather was the first and only eal bad day experienced this winter, yesterday at Frankfort was remarkable for the vast crowd attending the inauguration of Governor Willson and Lieutenant-Governor Cox.

One hundred and thirty cars, loaded with human freight, completely blocked the little capitol city and rendered getting in and out a ery doubtful proposition.

The big delegation leaving Maysville yesterday morning at 5:35 o'clock, failed to pull into only a few minutes before Governor Willson took the oath of office; and the Millersburg Cadets aboard never participated in the parade at all.

With National colors and signs of welcome streamidg from residences and public buildings and flags flying and bands playing, one of the largest crowds ever witnessed in Frankfort filled the streets. So dense was the crowd that the Chief Marshal and his assistant Marshals had difficulty in forming the line of the procession which formed on Broadway at 10:30.

The procession moved with the plateon of police followed by Chief Marshal and assistant the first and basic principles of good govern-Marshals, mounted. The Kentucky Military ment. Institute Cadets and the Second Regiment Band were escorts to Governor Beckham and Governor-elect Willson.

Frankfort's new L. and N. Station is also very commodious structure and is indeed handsome and modern improvement over the old dark shack which it replaced.

Frankfort is improving very rapidly and "if" that city was out in the Bluegrass it would do very well. But its situation, while picturesque, is simply lamentable.

The new Capitol Building is quite an imposing structure and a lot too fine for such an out of the way location. It will not be completed before next fall.

Colonal Robert Ficklin took in the big event and returned home lamenting the day that Kentucky chose Frankfort for her seat of Government. To many en route from the inauguration Mr. Ficklin didn't mince words in his denunciation of the out of the way mountain city, called Frankfort. The idea of spending \$1,500,000 for the permanent seat of Kentucky's capital at such an inaccesible place, and such a rockbound little hole in the ground is more than any one can understand.

Editor Joe E. Cross of the West Union, Ohio, Defender, accompanied by his friend Mr. Schuster, were interested viewers of the Capital city stunt, returning to West Union this morning after spending the night here.

The Ledger would like to publish a snapshot picture of a distinguished colored delegation from Maysville, which our reporter saw lined up in front of the old State House. They were Hon. CURE YOUR KIDNEYS.

Do Not Endanger Life When a Maysville Citizen Shows You the Cure.

Why will people continue to suffer the agonies of kidney complaint, backache, urinary disorders, lameness, headaches, languor, why allow themselves to become chronic invalids, when a certain cure is offered them?

Doan's Kidney Pills is the remedy to use, because it gives to the kidneys help they need to perform their work.

If you have any, even one, of the symptoms of kidney diseases cure yourself now, before diabetes, dropsy or Bright's disease sets in. Read this Maysville testimony:

Mrs. E. Bridges, of 206 West Third street. Maysville, Ky., says:

In March, 1900, I gave a testimonial recommending Doan's Kidney Pills. I had been troubled with a lame back and weak kidneys from girlhood and in my efforts to find a cure tried many different remedies, but without benefit until I began using Doan's Kidney Pills, which I procured at J. Jas. Wood & Son's Drugstore. They went right to the cause of the trouble and as a result brought relief that led me to testify in their favor. I have never been without Doan's Kidney Pills in the house since. Every spring I take a box whether symptoms of kidney trouble are apparent or not, and in this way keep the kidneys in good con-
